

**EASY  
&  
SIMPLE**

**VISUAL  
PRODUCTION**

people gain 75%  
from seeing  
compared to 12% from  
hearing

**SAM / SMV  
Time Study  
Skill Matrix  
Training**

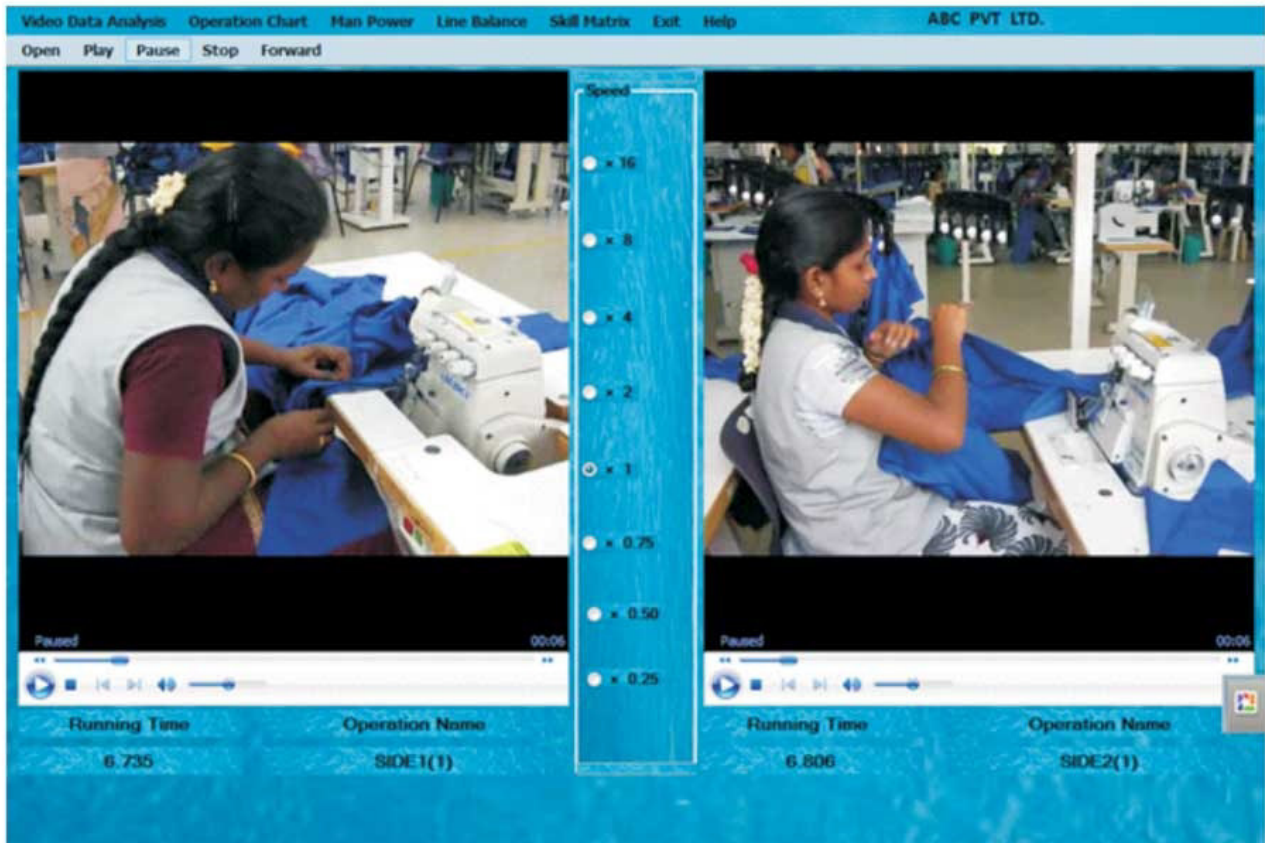

*VAS - Visual Analysis Systema*

## **Attention:**

**Industrial Engineers | Production Managers |  
Business Owners | Senior Managers | QC**

- **Improve SAM value of your garments**
- **Maximise your operators potential**
- **Control the line more efficiently**
- **Manage absenteeism and re-balance with available manpower**
- **Helps Industrial Engineer visually explain.**
- **Accurate and Documented time study**
- **Helps your team to visually analyse issues.**
- **Train your low skilled operators**
- **Manage difficult operations with video training**

VAS is a productivity and industrial engineering tool that helps in taking control of operations, documenting leading to productivity improvement.

## Easy & Simple / Visual Production

Improved line balance. **Reduced manpower.**  
 Improved Skill Levels. **Helps industrial Engineer, Production Manager & Operator to understand intricacies of operating methods.** Develops Standard Procedures through skill matrix
