

Easy, Simple & Smooth
but Higher Production

**Simplified & User Friendly
Production Process Leading to Reduction
of Expense & Increase in Production**

Factory Production Managers, Business Owners are you Stressed due to

Achieving daily targets

Employee absenteeism

High Re-work & quality problems

Unexpected fire fighting issues

Low productivity

Costing pressure

Washing & Missing parts on the line

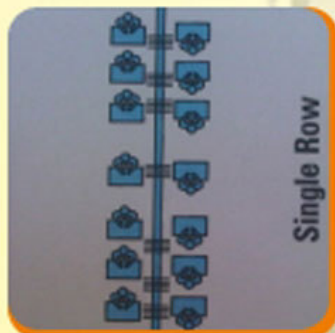

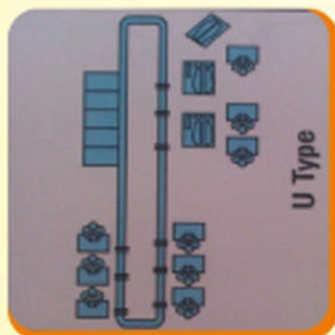

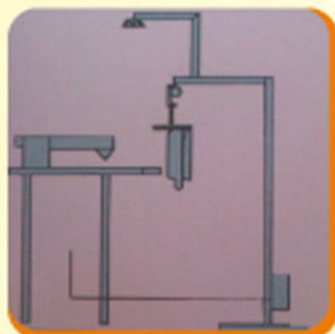

UHS

“A BUSINESS OPPORTUNITY”

We are pleased to offer you UHS,
UNIT HANDLING SOLUTIONS.

A superior UNIT HANDLING SOLUTIONS, with technology from Europe, America, and developed in India are in use with several thousands of garment factories. We have strong presence in INDIA, with proven, satisfied customers. The system ensures reduction of manpower as several helpers are reduced in production line. Bundle opening and separation works is eliminated, resulting in increased production. It ensures very high profits as it increases productivity without increasing fixed cost. A space saves in factory and less strain on workers, with productivity increases by 20-30% for maximization of profits. Should it please you to write to us, our marketing team will visit to you to do the needful.
